Promoting Website NUOL FACTORI4.0

The website for FACTORI 4.0 is titled 'FACTORY 4.0' and is hosted by the Faculty of Engineering, National University of Laos. It provides information about the project's objectives, accreditation, and curriculum development. The website also features a 'Project Organizational' section with photos of the project team members.

Brochures

The brochure for ASEAN Factor4.0 is a detailed document that outlines the project's goals, accreditation, and curriculum development. It includes a QR code for more information and is designed to be easily distributed to attendees.
