

## Training by EU

Training PLC lab- Practical training from University of Ruse, Bulgaria to 4 lecturers of SKU, Faculty of Engineering and Faculty of Information Technology during 20-23 June 2022.

Due to restrictions of traveling of Covid-19 pandemic (Laos), SKU staff could not arrange the travel to training in Bulgaria as proposed in May 2022. Therefore, the training is organized via online during 20-23 June 2022. However, the second hand on training will be organized in late this year at Savannakhet University after the arrival of benchmark from the project.

The image displays a collage of screenshots from an online training session. The top screenshot shows a Zoom meeting interface with two participants (Khona... and Pina...) and a shared screen of Siemens SIMATIC Manager software. The software interface includes a project tree on the left, a variable declaration table, and a ladder logic diagram.
